

DGS Employee of the Week: Lisa McDonald

Working in the community is her specialty

This week's Department of General Services (DGS) Employee of the Week is referred to by some as a proud mother, devoted wife, alumnus of Coppin State University or, with DGS, as Director. The Department features Director of the Business Enterprises & Technology Services (BETS), Lisa McDonald.

As director of BETS, Lisa supervises ten employees within the division and is the liaison for the Minority Business Enterprise (MBE) Program, eMaryland Marketplace and the Small Business Reserve (SBR) system. In addition, she takes on added duties by writing programs, troubleshooting and serving as functional coordinator for the Financial Management Information System (FMIS).

Lisa has 23 years of service and commitment with the State. Prior to coming to the agency, she spent 11 years with the Motor Vehicle Administration (MVA) in the Field Task Division as a Computer Information Technology (CIT) Specialist Supervisor.

As a person looked upon with an abundance of love and care, Lisa has cherished a wonderful marriage since 2004 and is consistently in the community giving a helping hand. Lisa was appointed as a Garrison Hill Trustee. She also serves as Praise Team Leader with her home church, Highway Baptist.

The Maryland Department of General Services would like to thank Lisa for all of her hard work and dedication toward making the department successful in carrying on the tradition of *Doing Great Service!*
